2021 Four Session
Continuum Dates:

Aug 6-7 Sept 10-11 Oct 8-9 Nov 5-6

COURSE DESCRIPTION

Four practical sessions provide an effective and easy to learn approach for the beginner as well as those who have taken other courses, but still lack the confidence or knowledge to implement this service into their practice. This course provides you with the opportunity to immediately use the techniques discussed in the lecture. This process helps improve your understanding of the information, reduces the anxiety of performing new treatments and prepares you to begin working on cases while going through the course.
