

GERETY ORTHODONTIC SEMINARS

embrace a new era

Announcing
2021-2022
Dates!

The Robert G. Gerety Comprehensive Orthodontic Program Dallas, TX

- September 24-26, 2021
- November 12-14, 2021
- January 21-23, 2022
- March 11-13, 2022
- May 13-15, 2022

Our 5 session seminar series will focus on the principles of **Straight-Wire Non-Extraction Orthodontics**. The program is presented exactly as you will approach treating a case, session one starting with diagnosis and treatment planning and each session progresses through mechanics and we conclude with case finishing.

Learning Objectives

- Produce standard of care patient documentation
- Confidently select cases for treatment
- Interpret cases using a predictable diagnostic system
- Present an accurate treatment plan and sequence
- Evaluate and troubleshoot case progression
- Implement the most current treatment options
- Deliver the correct mechanics in the appropriate sequence
- Finish cases to a level of excellence

Included with Course

- 5 sessions this year and free monitoring of all 5 sessions the next year to earn **200 CE hours**
- **Free access to our Online course** to use as a study aid in between classroom sessions.
- Do you have a conflict with one of the dates? **Make up missed sessions online**
- Each session we devote class time to **review student cases** helping with case selection, diagnosis and treatment planning
- **One-on-one help** from our instructors in and out of the classroom
- Interest free 5 installment **payment plan**

Join us in the classroom in Dallas or **Live Stream** from your home or office
